Programming Languages

- Proficient in: Microsoft Office (Excel, Word, PowerPoint), HTML, JavaScript, C#, Java & Unity, and API testing.
- Basic understanding of: Python and C.

Languages

English – native
German – B2
Russian – C1

Skill Highlights

- Creative problem-solving skills.
- Aptitude for learning new technologies.
- Innovative.
- Excellent ability to collaborate.
- Strong Communicator.
- Openminded with a deep understanding of multicultural environment.

Education

Bachelor Degree in Computer Science	2020 – 2023
Bangor University, <i>UK</i>	

Thuringia International School, Weimar, <i>Germany</i>	2013 – 2020
Tianjin Rego International School, Tianjin, <i>China</i>	2011 – 2013
Ulm/New Ulm International School, <i>Germany</i>	2008 – 2011
Vienna International School, Vienna, <i>Austria</i>	2006 – 2008
Hiroshima International School, Hiroshima, <i>Japan</i>	2004 – 2006

Work Experience

Computer Science Substitute Teacher 8 - 9/2021
Thuringia International School (THIS), Weimar, Germany

- Taught Grade 10 and 11 students basic Java.
- Aided students in learning the language and syntax of Java as well as the critical thinking skills required.
- Plan and preparation of engaging lessons.

Educational Mobile Apps Tester (remote) 10/2017 – 06/2021
CleverBooks Ltd., Ireland/Germany

Work closely with software developers and product owners to ensure the mobile applications are tested to the defined level of acceptance:

- Mobile App testing for usability and bugs (iOS and Android devices).
- Mobile App test reports and review writing.
- Had a great privilege to contribute with creative ideas for Mobile App improvement.

In 2019 - 2020 was part of the ARETE project team. The project aims to support the pan-European AR interactive technologies effort both in industry and academia. This project has received funding from the European Union's Horizon 2020 research and innovation program under grant agreement No 856533.

Professional Development Courses

- 8-9/2020 – Online HarvardX course «CS50: Introduction to Computer Science», Harvard University.
- 6/2020 - Computer Science Virtual Summer School, University College Dublin (UCD), Ireland
- 11/2019 – Online course on Udemy “Complete C# Masterclass”
- 8/2018 - Sommercamp Informatik 2018, Friedrich-Schiller-Universität Jena Fakultät für Mathematik und Informatik, Jena, Germany
- 6/2018 - Workshop: Programmieren Lernen mit Python, Informatiktage, Zurich, CH
- 6/2018 - Workshop: App Programmieren, Smoca, Informatiktage, Winterthur, CH
- 6/2018 – online course on Udemy “Unity 2017 - Create a Reusable UI System”
- 6/2018 - online course on Udemy “Introduction to Game Development with Unity”
- 6/2018 - online course Microsoft “DEV204.1x Introduction to C#”
- 2015 – 2018 - Programming club, Thuringia International School, Weimar, Germany

Internship in the IT Department TÜV Turingen Gruppe, Erfurt, Germany

8/2019

One-week internship. Worked closely with software engineers. Was given tasks of utilizing and expanding my knowledge of C# by working on multiple projects.

Internship in the IT Department T-Systems Multimedia Solutions GmbH, Jena, Germany

6/2018

One-week internship. Worked closely with software developers at the company. Was given the task of utilizing and expanding my knowledge of HTML and CSS. Tasked to create 2 fully functioning websites over two weeks.

Internship (project-based, remote) NeuVenture Global, Weimar, Germany

9/2017 – 12/2017

Performed a variety of entry-level administrative tasks related to international project development in the IT industry:

- Assistance with database data entry.
- Contact information search using the company website, Google and LinkedIn.
